

Dear Eileen

I am the chap organising the Festival of Suffolk Torch Relay which arrives in Framlingham on Monday 30 May 22.

We have a relatively simple format. See the attached map. We ride into town collecting the torch bearer as we approach. We then ride to a meeting point (in your case a convenient off road spot would be the Castle car park) where we can have a group photo with the torch. Before reaching the Castle car park we can do around the central shopping (Bridge Street, Market Hill, Church Street) area to show the torch to the community.

The torch bearers will be carrying the light weight torch while riding on board our fantastic e-rickshaw. If you have not nominated a torch bearer yet, could you find one? The arrival will be more of a show than the next morning's departure, so you don't need to worry too much about the departure.

Your torch bearer would need to be at the junction of Fairfield Street and Fore street (A) for pick up at 17:00 on Mon 30 May.

If your torch bearer could give me a mobile contact number then I can keep them updated on the day.

Hopefully that all makes sense. If you have any questions then please just give me a shout.

Finally, a request from the support team - I will be driving the support vehicle (Transit van) and Libby will be the pilot of the rickshaw. We are both spending the night in Framlingham and so need somewhere to camp. Can you advise of somewhere that we can pitch up for the night? This does not have to be an official campsite, just a convenient spot and not too far away. I would also appreciate it if I could get access to electrical power over night so that I can charge our rickshaw batteries.

Many thanks and we are really looking forward to passing through Framlingham during this event.

Regards

Mark
