

Residents' Drop-in Sessions

These are informal events where you can meet with Town Councillors, raise any questions and any issues you have. They can also tell you more about the Town Council and are happy to talk to people interested in standing as a Councillor.

These sessions are in addition to the monthly Town Council meetings, which are open to the public, but where there are more formal procedures to follow.

No appointments are necessary – just turn up on the day

Issues raised at these sessions will be discussed at committee meetings, passed to other agencies such as Suffolk County Council's Highways team and Suffolk Police where necessary, and published on the framlingham.com website.
