

NEIGHBOURHOOD PLAN REVIEW - SURVEY

SURVEY OF VIEWS ON ISSUES TO INCLUDE IN THE REVIEW

October 2022

Note: this is the first survey of the review of the current Neighbourhood Plan. Its aim was to find out what issues the review should include in its scope of research, consultation and subsequent recommendations

TRANSPORT & TRAFFIC ISSUES:

Traffic Calming
 Difficult Road Junctions
 Parking - On Street / Off Street
 Parking - Free / Paying
 Park & Ride
 Public Transport
 Walking & Cycling
 Mobility & Accessibility

TRANSPORT & TRAFFIC RESULTS:

- 2 general concerns with regards to public transport in Framlingham
- 2 specific complaint with regards to parking
- 4 general concerns with regards to traffic coordination
- 4 Improving cycling infrastructure
- 5 general concerns with regards to parking in Framlingham
- 5 specific proposal with regards to improving EV infrastructure
- 6 specific proposal with regards to parking
- 7 specific proposal with regards to public transport
- 24 specific proposal with regards to traffic coordination

ALL TRANSPORT & TRAFFIC RESULTS:	
	4
Safer Cycling for adults and children	Improving cycling infrastructure
Pedestrian 1st - then cycling	Improving cycling infrastructure
Cycle pedestrian routes wider or incorporated with one way for vehicles	Improving cycling infrastructure
Safe "active transport" route from Fram town to Broadwater area - bike / walk	Improving cycling infrastructure
	5
EV charging points on car parks	Improving EV infrastructure
All new parking should include electrical charging facilities	Improving EV infrastructure
Electric car charging points for tourists Make car parks cheaper esp. on Fore Street	Improving EV infrastructure
Electric bicycle system for visitors to Fram linked to Park & Ride with E-charging points - and if that works extend it to bus stops and residential areas	Improving EV infrastructure

Explore possibility of publicly owned (electric) cars	Improving EV infrastructure
	5
How to stop people concreting over their front gardens for more car parking	General concerns with regards to parking in Framlingham
We have to protect the town centre which is beginning to become impossible to access due to lack of parking and constant traffic	General concerns with regards to parking in Framlingham
Parking is a nightmare!	General concerns with regards to parking in Framlingham
We need a lot more parking	General concerns with regards to parking in Framlingham
more parking spaces for tourists	General concerns with regards to parking in Framlingham
	2
Cars parked on main road - Well Close Square - cause congestion at rush hours and hence pollution from static vehicles with engines running in either direction	spec. complaint with regards to parking (Well Close Square)
Stop parking on main through roads (Station Road, College Road), will need a bypass soon	spec. complaint with regards to parking (Station Road, College Road)
	6
Future housing must provide roads and parking which do not impact on others	spec. proposal with regards to parking (future housing and parking)
Stop all day parking on Market Hill as people park and work all day - not fair for folk who need quick visit to bank ATM or Chemist	spec. proposal with regards to parking (Market Hill parking)
	Town Centre
Resident permits are essential for residents in central Fram – probably mostly retired people	spec. proposal with regards to parking (Framlingham Centre parking)
free parking for all central area residents, esp. retirees	spec. proposal with regards to parking (free Framlingham Centre parking)
Consider the old Potters site for a car park and a possible leisure facility	spec. proposal with regards to parking (creating new parking spaces on old Potters site)
The footpath access from Elm St car park, and the car park itself, should be improved so it becomes a main town car park instead of Market Hill. It would also improve the housing estate.	spec. proposal with regards to parking (Elm St. car park, improving infrastructure)
	2
Public transport - no speeding routes - takes too many stops and too much time to get anywhere	General concerns with regards to public transport in Framlingham

Better public transport - more frequent	General concerns with regards to public transport in Framlingham
	7
Katch bus service to the train station is a great idea	spec. proposal with regards to public transport (Katch bus improvement)
Explore possibility of drive charity and car sharing	spec. proposal with regards to public transport (drive charity/car sharing)
Definitely a Park & Ride	spec. proposal with regards to public transport (request for P&R system)
Park & Ride residents parking all needed	spec. proposal with regards to public transport (request for P&R system)
Park and ride	spec. proposal with regards to public transport (request for P&R system)
How about a shuttle bus on weekends, so local residents don't need to drive into town. I am sure people would be happy to pay	spec. proposal with regards to public transport (shuttle bus)
Public transport links to the East (Sax etc) given commute flows and Sizewell C project	spec. proposal with regards to public transport (public transport links to the east in view of Sizewell)
Public transport links to the East (Sax etc) given commute flows and Sizewell C project	spec. proposal with regards to public transport (public transport links to the east in view of Sizewell)
	4
Brook Lane is being destroyed by diverted traffic, it's a lane and not suitable for lorries and buses, I a one way system possible?	General concerns with regards to traffic coordination (Brook Lane overloaded with diverted traffic)
Do we need a bypass road? Unless the Primary School moves this might become a necessity	General concerns with regards to traffic coordination (necessity of a bypass road)
The Bridge (Fairfield Rd, Parham Rd, Station Rd) - No pedestrian pathway - Priory Site...? (not clear)	General concerns with regards to traffic coordination (Fairfield Rd, Parham Rd, Station Rd – no pathway)
I would like to be able to cross the road outside Clarke & Simpson safely. Its not pedestrian friendly	General concerns with regards to traffic coordination (town centre – more safety for pedestrians)
	24
Put give way signs on roads where parking causes single file traffic	spec. proposal with regards to traffic coordination (“Give Way” signs on roads where parking creates problems)
Traffic calming without actually blocking the road - use colored areas on road on each side to visually narrow the road - has been shown to significantly slow traffic on the continent (diagram drawn) – color/depth perception	spec. proposal with regards to traffic coordination (traffic calming)
Chicane - roads with different colour tarmac to reduce traffic speeds	spec. proposal with regards to traffic coordination (chicanes, signs on tarmac)
Walking town trail like the one at Halesworth	spec. proposal with regards to traffic coordination (walking town trail)

Campaign to relief road from Broadwater to Charnwood, and on to Dennington Rd to save Fram being choked by traffic	spec. proposal with regards to traffic coordination (road from Broadwater to Charnwood, and on to Dennington Rd)
Explore ways to decrease traffic in town. Cycle routes especially from town to school and from new estates into town	spec. proposal with regards to traffic coordination (cycle routes from town to schools)
Can Western be asked to tell their trucks not to use Brook Lane	spec. proposal with regards to traffic coordination (Brooks Lane – no “Western” trucks)
Double yellow line needed on Fairfield Road on corner near entrance to the Fens. Up to 18 cars park now with no break, and traffic needs to back as no room for two way traffic	spec. proposal with regards to traffic coordination (Fairfield Road / entrance to the Fens – double yellow line)
	Fairfield road
Flashing speed sign - Fairfield Road	spec. proposal with regards to traffic coordination (Fairfield Road – flashing speed sign)
Traffic calming - Fairfield Road & The Bridge	spec. proposal with regards to traffic coordination (Fairfield Road – traffic calming)
Pedestrian Path at bottom of Fairfield Road	spec. proposal with regards to traffic coordination (Fairfield Road – pedestrian path)
	Fore Street
Improve road safety by insuring yellow lines near corners e.g. the top of Fore Street, College Road junction with Mount Pleasant	spec. proposal with regards to traffic coordination (Fore Street, College Road junction with Mount Pleasant – double yellow lines)
Proper pedestrian crossings - Fore St, Station Rd, Saxtead Rd	spec. proposal with regards to traffic coordination (Fore Street, Station Road, Saxtead Road - pedestrian crossing)
Road safety - top of Fore Street needs double yellow lines	spec. proposal with regards to traffic coordination (Fore Street – double yellow lines)
Double yellow lines at the top of Fore Street close to blind bent and further down Fore Street opposite development and Mount Pleasant. Lighting down Fairfield Road	spec. proposal with regards to traffic coordination (Fore Street – double yellow lines, lighting)
Traffic calming in Fore St. plus Residents parking permits	spec. proposal with regards to traffic coordination (Fore Street – traffic calming, residents parking permit)
more pavements on Mount Pleasant	spec. proposal with regards to traffic coordination (Mount Pleasant – moving pavements)
	Town Centre

all through traffic to be diverted outside town, especially Sizewell construction traffic	spec. proposal with regards to traffic coordination (town centre - no "Sizewell" traffic through)
20 m.p.h. Speed limit throughout the town	spec. proposal with regards to traffic coordination (town centre – 20mph speed limit in town)
Restrict traffic in town centre during specific hours	spec. proposal with regards to traffic coordination (town centre – only restricted traffic)
	Bridge Street
Count the number of cars exiting Market Hill down Bridge Street to determine how much traffic actually exits that way - information needed for reassessment of one way system up to the market.	spec. proposal with regards to traffic coordination (Bridge Street-reassessment of one way system up to the market)
Another pedestrian crossing in Bridge Street	spec. proposal with regards to traffic coordination (Bridge Street-additional pedestrian crossing)
The zebra crossing at the centre of Fram must be maintained. It is a health & safety issue	spec. proposal with regards to traffic coordination (Bridge Street-maintaining pedestrian crossing)
Traffic calming - Fairfield Road & The Bridge	spec. proposal with regards to traffic coordination (Fairfield Road – traffic calming)
The zebra crossing at the centre of Fram must be maintained. It is a health & safety issue	spec. proposal with regards to traffic coordination (Bridge Street-maintaining pedestrian crossing)
The bust stop on Bridge St should be offset from the road to allow traffic to overtake.	spec. proposal with regards to traffic coordination (Bridge Street-moving bus stop)

EMPLOYMENT & TOURISM ISSUES:

Town Centre Development
Business Incubator / Start-up Spaces
Employment Opportunities
Tourism

EMPLOYMENT & TOURISM RESULTS:

- 1 Spec. concern with regards to general business development (area to the South West of Thomas Mills school)
- 2 general business development improvement
- 2 General concern with regards to town centre development
- 5 spec. proposal with regards to tourism

EMPLOYMENT & TOURISM RESULTS:	
	2
Business development encouraged and supported with information and advice	general business development improvement

Start up business spacing(?) plus small scale local employment, therefore less travelling	general business development improvement
	1
The business area to the South West of Thomas Mills school has had no investment since 2016-17 - why?	Spec. concern with regards to general business development (area to the South West of Thomas Mills school)
	2
Encourage "proper" shops and businesses to flourish	General concern with regards to town center development
Tourism is important for the town. Don't destroy the heritage/natural environment or character of the town	General concern with regards to town center development
	5
	cycling
Build a cycle route (Sustrans) to expand cycle tourism	spec. proposal with regards to tourism (cycling)
	infrastructure
Fram tourist information centre	spec. proposal with regards to tourism (infrastructure)
Safe pathways - important to tourism	spec. proposal with regards to tourism (infrastructure)
	parking
Increase visitor parking	spec. proposal with regards to tourism (parking)
Tourist parking needed - Park & Ride (make a bit of fun!)	spec. proposal with regards to tourism (parking)

LANDSCAPE AND ENVIRONMENT ISSUES:

Protection of Important Views

Green Spaces

Allotments

LANDSCAPE AND ENVIRONMENT RESULTS:

- 1 specific proposal for allotments
- 1 general concern with regards to important views
- 2 general concern with regards to green spaces
- 2 general proposal for allotments
- 2 general concern with regards to green spaces
- 7 specific proposal with regards to green spaces (footpaths)

ALL LANDSCAPE AND ENVIRONMENT RESULTS:

	2
Protect and improve wild and green spaces for the benefit of wildlife	general concern with regards to green spaces

The neighborhood plan talks about investment in our landscape/infrastructure so far its all housing and no infrastructure investment.	general concern with regards to green spaces
	2
Allotments needed family spaces Save our green spaces when they are gone they are gone	general proposal for allotments
More allotments	general proposal for allotments
	1
Can we review and increase access to allotments(for mental health and improved food security)	spec. proposal for allotments
	2
Protect all green space including agricultural land near existing town. Down ruin the character of the town.	general concern with regards to green spaces
More trees - save our green spaces	general concern with regards to green spaces (trees)
	7
Hedges and verges all over the town to reclaim footpaths	spec. proposal with regards to green spaces (footpaths)
Consider how to make storm water system more diverse (open ditches and planting clears water and reduces flows	spec. proposal with regards to green spaces (storm water system)
	Trees
Fram25 plant trees here	spec. proposal with regards to green spaces (trees)
Manage trees intelligently thinning where appropriate	spec. proposal with regards to green spaces (trees)
Plant a wood amenity land between Fairfield rd Castle Keep and industrial 27	spec. proposal with regards to green spaces (trees)
Planting more trees in our green spaces instead of more houses	spec. proposal with regards to green spaces (trees)
Planting of coppice to encourage wildlife provide fuel and greenwood for working	spec. proposal with regards to green spaces (trees)
	1
Views not as good as they were 20 years already	general concern with regards to important views

CLIMATE CHANGE ISSUES:

Walking and cycling

Biodiversity - Encouraging Nature to Thrive

Pollution & Waste

Adapting to the Effects of Climate Change - eg Flooding

Zero Carbon Targets

CLIMATE CHANGE RESULTS:

- 1 general proposal with regards to flooding
- 1 general proposal with regards to walking
- 2 specific proposal with regards to flooding
- 2 general concern with regards to pollution
- 2 general proposal with regards to zero carbon targets
- 3 specific proposal with regards to Biodiversity
- 3 general concern with regards to waste
- 4 general proposal with regards to Biodiversity
- 4 specific proposal with regards to cycling
- 5 specific proposal with regards to waste (Recycle Centre)
- 7 specific proposal with regards to zero carbon targets

ALL CLIMATE CHANGE RESULTS:	
	4
More to encourage biodiversity hedges safe routes etc wild pants planting	general proposal with regards to Biodiversity
The physical limits (Pol 1) needs to be redefined in particular with respect to field behind the sports club and Pageant field such that we have a say in the development of this area	General proposal with regards to Biodiversity (control)
The physical limits (Pol 1) needs to be redefined in particular with respect to field behind the sports club and Pageant field such that we have a say in the development of this area	General proposal with regards to Biodiversity (control)
More / keep green spaces, protect plants, animals	General proposal with regards to Biodiversity (control)
Plant trees everyone to do it	general proposal with regards to Biodiversity (trees)
	3
Clean up River Ore by Coop pump oxygen increase flow/rubbish/filth few ducks and no fish now	spec. proposal with regards to Biodiversity (River Ore)
Amenity land plant a wood plot end of Fairfield road	spec. proposal with regards to Biodiversity (trees)
Plant willow trees to help with flooding on roads	spec. proposal with regards to Biodiversity (trees)
	4
Make cycle path provision compulsory condition for new build sites	spec. proposal with regards to cycling
Re use old rail line as cycle path to Parham and Marlesford	spec. proposal with regards to cycling
“last mile” delivery from outskirts of Fram to businesses lorries to deliver to warehouses picked up by bikes	spec. proposal with regards to cycling

Leisure cycling route	spec. proposal with regards to cycling (route)
	1
Flooding issues addressed and landscaping	general proposal with regards to flooding
	2
Maintain river Ore so flooding can be avoided on Fairfield Rd	specific proposal with regards to flooding (River Ore)
Maintain and improve surface water drainage including River Ore	specific proposal with regards to flooding (River Ore)
	2
NOISE!! Near 27 - Consider impact of industrial noise on residents	general concern with regards to pollution
Too much pollution	general concern with regards to pollution
	1
Safe walking	general proposal with regards to walking
	3
Dirt & rubbish allowed to pile up on pavements Householders and shop owners do not seem to be responsible for areas in front of their buildings. Who is?	general concern with regards to waste
The physical limits (Pol 1) needs to be redefined in particular with respect to field behind the sports club and Pageant field such that we have a say in the development of this area	General proposal with regards to Biodiversity (control)
Zero food waste schemes	general concern with regards to waste
It would be great if we could give up our cess pits and surely better for our environment	general concern with regards to waste
	5
Recycling centre	spec. proposal with regards to waste (Recycl. Centre)
Recycling not on Fore Street car park	spec. proposal with regards to waste (Recycl. Centre)
Better recycling facilities	spec. proposal with regards to waste (Recycl. Centre)
More recycling opportunities - eg food waste	spec. proposal with regards to waste (Recycl. Centre)
<u>Recycling centre</u>	spec. proposal with regards to waste (Recycl. Centre)
	2
Assist residents / businesses to reduce carbon emissions and waste to sustainable levels	general proposal with regards to zero carbon targets
Set targets for our Council to achieve zero carbon	general proposal with regards to zero carbon targets

	7
Apply a carbon levy to business rates higher emitters pay more. Something similar for market pitches	spec. proposal with regards to zero carbon targets
ELV charging points	spec. proposal with regards to zero carbon targets
Talk to UK power re benefit or not to them for local electricity gen. Anaerobic/pv/wind	spec. proposal with regards to zero carbon targets
Electric car charging points for residents	spec. proposal with regards to zero carbon targets
<u>Support Sizewell C</u>	spec. proposal with regards to zero carbon targets (Sizewell C)
Community energy schemes solar/wind/ biomass	spec. proposal with regards to zero carbon targets
Town needs to develop green energy, become self reliant	spec. proposal with regards to zero carbon targets

HOUSING ISSUES:

For the next 100 houses:

Social Housing

One large, or several small developments

Housing Mix Requirements - Number of Rooms

Residential Design - Spaces / Gardens

Residential Design - Energy Efficiency

HOUSING RESULTS:

- 1 general proposal with regards to energy efficiency
- 1 specific proposal with regards to one large development
- 1 specific proposal with regards to energy efficiency
- 1 specific proposal with regards to residential design
- 2 general proposal with regards to small developments
- 2 general proposal with regards to the next 100 houses
- 6 Specific proposal with regards to developments
- 6 specific proposal with regards to housing mix requirements – number of rooms
- 8 general proposal with regards to developments

ALL HOUSING RESPONSES:	
	8
No more housing – not enough infrastructure	general proposal with regards to developments
no further residential expansion until all infrastructure is adequate for all residents (especially medical)	general proposal with regards to developments
No more housing, the roads can't cope with extra cars, already problems	general proposal with regards to developments
Cease spoiling our market town with no more development of houses, doctors and car parking are already impossible	general proposal with regards to developments

No more housing, community centre	general proposal with regards to developments
The new housing in Framlingham has achieved the aims of the Neighbourhood Plan, no more development is needed	general proposal with regards to developments
Less housing, changing the nature and history / culture of the town too much impact on traffic and doctors etc, wrong to impact market towns, we are not on main bus, train or road routes	general proposal with regards to developments
No more building	general proposal with regards to developments
	1
Energy effecting housing	general proposal with regards to energy efficiency
	2
Build a number of smaller sets of new houses rather than one big development, so it maintains the shape of the town	general proposal with regards to small developments
Smaller groups of 10X10 is better (a mix of ages and young together)	general proposal with regards to small developments
	1
One large 50 – 60 units scheme policy compliant for social housing, rest made up of sites of 10units ore less	specific proposal with regards to one large development
	2
Infrastructure first, houses follow	general proposal with regards to the next 100 houses
Build on brownfield or outside town boundary infrastructure including. Services first	general proposal with regards to the next 100 houses
	6
Review physical boundaries limit to reduce housing density	Specific proposal with regards to developments
Need for affordable/social housing for local young people	Specific proposal with regards to developments
Affordable rental houses for locals	Specific proposal with regards to developments
Ban Persimmon	Specific proposal with regards to developments
Develop field at back of Kings Avenue not opposite Victoria Mill Road, roads are unsuitable there	Specific proposal with regards to developments (VMR)
That the Fairfield Road development which was not in the plan fully replaces the proposed Victoria Mills development	Specific proposal with regards to developments (VMR)
	1

Find ways to incentivise home owners to retrofit homes where needed, less energy demand, lower emissions	specific proposal with regards to energy efficiency
	6
Two bed bungalows	specific proposal with regards to housing mix requirements – number of rooms
Over 55 community house – first time buyers	specific proposal with regards to housing mix requirements – number of rooms
Co-housing possibilities, first time buyers, elderly	specific proposal with regards to housing mix requirements – number of rooms
Local housing, not just people downsizing and relocating here able to pay a lot, local aging population needs support of younger family members able to afford to buy nearby and remedy social need	specific proposal with regards to housing mix requirements – number of rooms
Local housing, not just people downsizing and relocating here able to pay a lot, local aging population needs support of younger family members able to afford to buy nearby and remedy social need	specific proposal with regards to housing mix requirements – number of rooms
Much more low cost housing with adequate parking	specific proposal with regards to housing mix requirements – number of rooms
Insist all new homes are built to the highest EPC (A) or future home standard (lowest energy use and low carbon)	specific proposal with regards to housing mix requirements – number of rooms
	1
General assistance (advisory / financial) for restoration of all listed and historical buildings to maintain character of town	specific proposal with regards to residential design

NEW TECHNOLOGY ISSUES:

Broadband Accessibility & WiFi
 Safety & Security - CCTV / Street Lighting
 Digital Learning

NEW TECHNOLOGY RESULTS:

- 1 general comment on street lighting
- 1 general proposal with regards to digital learning
- 1 specific comment on digital learning
- 1 specific proposal with regards to WiFi
- 3 specific proposal with regards to digital learning

ALL NEW TECHNOLOGY RESULTS:	
	1
Delighted on orange sodium lights to go, LED please	general comment on street lighting

	1
More digital learning for us	general proposal with regards to digital learning
	1
What happened to the 20+ community pc's with audio mixing software at Fram Business Centre	spec. comment on digital learning
	3
Computer cafe providing support for those not computer savvy and those who have not a computer	spec. proposal with regards to digital learning
Free learning at the library on WIFI, digital etc and courses easy to access and cheaper or free	spec. proposal with regards to digital learning
Continual support for older people trying to embrace technology. Confidence in knowing that help is available	spec. proposal with regards to digital learning
	1
Relaunch free WIFI	spec. proposal with regards to WiFi

COMMUNITY INFRASTRUCTURE ISSUES:

Health & Medical Facilities

Cemetery Extension

Education

Community Facilities

Youth Facilities

COMMUNITY INFRASTRUCTURE RESULTS:

- 1 general concern with regards to Health & medical facilities
- 1 general proposal with regards to infrastructure
- 1 specific proposal with regards to cemetery extension
- 2 specific proposal with regards to cemetery
- 2 specific proposal with regards to Health & medical facilities
- 3 general proposal with regards to Health & medical facilities
- 3 improvements conc. schools
- 15 specific proposal with regards to community facilities

AII COMMUNITY INFRASTRUCTURE RESPONSES

	2
To provide more parking, move the cemetery gate to the other end of the cemetery drive and provide parking with electrical chargers	spec. proposal with regards to cemetery
Cemetery / wild life impact should be mitigated, both animal and bird (ground nesting skylarks) and plants	spec. proposal with regards to cemetery

	1
If the cemetery is to be extended then it should be a green burial site with native tree planting, and this should be planted now.	spec. proposal with regards to cemetery extension
	15
Support both Theatre site and St. Michael's Rooms revamp for community use	spec. proposal with regards to community facilities
We need another supermarket – Aldi, Lidl	spec. proposal with regards to community facilities
Develop site next to coop garage to community hall? Or LIDL or ALDI could do with alternative supermarket which is good competition	spec. proposal with regards to community facilities
A bigger library	spec. proposal with regards to community facilities
A key cutting shop, a belt shop and a watch shop	spec. proposal with regards to community facilities
Redevelop St. Michael's Rooms so that there is a venue for wedding receptions/ funeral wakes as well as the usual community activities	spec. proposal with regards to community facilities
A good quality community centre is vital for a town this size, it should offer opportunities for the arts, clubs, lectures etc.	spec. proposal with regards to community facilities
Clothing/uniform bank to help poverty	spec. proposal with regards to community facilities
All infrastructure needs upgrading increasing to cope with rising population	general proposal with regards to community facilities
Youth facilities	spec. proposal with regards to community facilities
Community hub	spec. proposal with regards to community facilities
The coop is sitting on a prime site - why? What is it going to do with it? If it vacated its current site we could have community centre and parking	spec. proposal with regards to community facilities
Large community centre / performance venue	spec. proposal with regards to community facilities
What does “key focus” on St Michaels Rooms land mean for the new building? - Improving town centre parking	spec. proposal with regards to community facilities
Central community centre at the old Potters Garage site including a medical centre	spec. proposal with regards to community facilities
	1

Surgery, absolutely crazy, you I imagine have to be dying for a doctor to actual visit you, you have to make an appointment way ahead for even a phone cal, more home need more doctors but before they are built	general concern with regards to Health & medical facilities
	3
Better and bigger medical centre and well-being centre	general proposal with regards to Health & medical facilities
More health facilities, health hub including physio and minor procedures	general proposal with regards to Health & medical facilities
More health facilities, health hub including physio and minor procedures	general proposal with regards to Health & medical facilities
More doctors	general proposal with regards to Health & medical facilities
	2
We need NHS dentists PRONTO	specific proposal with regards to Health & medical facilities
Second health centre or larger current one	specific proposal with regards to Health & medical facilities
	3
Primary school extension	improvements conc. schools
A new edge of town primary school site with easy access not only to allow the school to grow with more space for sports but alleviate morning and afternoon traffic	improvements conc. schools
More primary school reception places but don't take away the play space	improvements conc. schools
Infrastructure needed 1. Fibre internet 2.NHS dentist 3. Local amenities i.e. recycling point	general proposal with regards to infrastructure
More health facilities, health hub including physio and minor procedures	general proposal with regards to Health & medical facilities
