

Correspondence for SAD Committee 27/2/22

Good afternoon Eileen,

Would it be possible for us to be provided with some photos of the below elements of the Walkways Project (no people or cars where you can see number plates) please:

1. Pigs meadow footpath from New Rd to College Rd **(completed)**
2. New pedestrian crossing on Station Rd **(completed and funded by s106 monies)**

This is to aid promotion of the projects that have been delivered through developer contributions/CIL.

Kind Regards,

Nicola
